Note: In order to expedite security checks at the NOAA site on Sunday, the Western Interior Paleontological Society must provide registrant information to NOAA one week before the symposium. Your registration form and fee must be received by March 7, 2009 in order to register for the Sunday program.

\*There are special access requirements at the National Oceanic and Atmospheric Administration (NOAA). Visitors are required to sign in and receive a visitor badge from the Visitors Center at the Security Checkpoint. Visitors will need to present a U.S. photo ID or foreign passport. No other forms of identification are accepted. To receive a visitor badge, all visitors are required to park next to the Security Checkpoint and enter the Visitors Center to be screened before proceeding to their destination. Foreign visitors should provide information two weeks prior to visit.

**Return this form with a check or money order payable to:**
